An Act respecting a national housing strategy

Preamble

Whereas housing is essential to the inherent dignity and well-being of the person and to building sustainable and inclusive communities as well as a strong national economy in which the people of Canada can prosper and thrive;

Whereas access to affordable housing contributes to achieving beneficial social, economic, health and environmental outcomes;

Whereas improved housing outcomes are best achieved through cooperation between governments and civil society as well as the meaningful involvement of local communities;

Whereas national goals, timelines and initiatives relating to housing and homelessness are essential to improving the quality of life of the people of Canada, particularly persons in greatest need;

Whereas a national housing strategy would support a common vision, key principles and a coordinated approach to achieving improved housing outcomes;

Whereas a national housing strategy would contribute to meeting the Sustainable Development Goals of the United Nations;

And whereas a national housing strategy would support the progressive realization of the right to adequate housing as recognized in the International Covenant on Economic, Social and Cultural Rights, to which Canada is a party;

Now, therefore, Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:
